## EDUCATION

**Guru Nanak High School Bezonbagh Nagpur:-**

2014-2019

Higher Secondary Education

**DBATU**

2021-2025

B-Tech Computer Science Engineering

---

## SKILLS

Web Design

ReactJS & nextJS

NodeJS, & ExpressJs

Android Development

Problem Solving

GitHub Version Control

HTML, SCSS, JAVASCRIPT

Excellent communication skills

Kotlin & XML

---

## PROJECTS

### Portfolio Website

**Tech:- Reactjs, Nextjs, TSX, SCSS**

**GitHub Link:-** [Portfolio Website](#)

I developed a portfolio website utilizing React.js, Next.js, TSX, and SCSS to create a modern, responsive user experience. The site highlights my skills and projects with a clean, efficient design, showcasing my proficiency in these technologies. This portfolio not only demonstrates my technical abilities but also my attention to detail and design aesthetics.

### Todo List Application

**Tech:- HTML, SCSS, JS**

**GitHub Link:-** [Todo List App](#)

I created a Todo List App using HTML, SCSS, and JavaScript to help users efficiently manage their tasks. The app features a clean and intuitive interface with both light and dark modes. Users can easily add, edit, and delete tasks, view all, active, or completed todos, and clear completed tasks for better organization.

### Weather App

**Tech:- HTML, SCSS, JS**

**GitHub Link:-** [Weather App](#)

I developed a Weather App using HTML, SCSS, and JavaScript, leveraging the Open Weather API for real-time weather information of various cities. The app features a sleek and user-friendly design, providing accurate weather updates and forecasts.

## CERTIFICATIONS:-

### 3 Months Full Stack Development Internship At WebStack Tech.

I completed a 3-month Full-Stack Development internship, where I gained hands-on experience in building and maintaining web applications.

### Internshala Android Development Course.

I completed an Android Development course from Internshala, focusing on Kotlin and XML for creating robust mobile applications.
